**WHEREAS**, the revitalization of this community is of enormous importance to the economic health of the City and the well-being of its residents; and

**WHEREAS**, as part of the revitalization of Carver Homes, the City and the Authority have agreed that in order to support the development timetable set forth for the revitalization, the City has authorized the Authority to perform, on behalf of the City, the public improvements in

the public right of way necessary to support the revitalization, as more fully described in the Public Improvements Budget attached as Exhibit A to be known as the Phase II Public Improvements (the "Phase II Public Improvements"); and

**WHEREAS**, the City and the Authority are working together to develop plans for the Phase II Public Improvements necessitated by the revitalization of Carver Homes; and

**WHEREAS**, the City and the Authority acknowledge and agree that the most efficient and economical manner in which to perform the Phase II Public Improvements is to have such work performed by the Authority (through its private sector development partners) and to have the City contribute \$3,680,000 to the Authority for the costs incurred or to be incurred by the Authority in performing such work; and

**WHEREAS**, subject to the terms and conditions set forth herein, the City and the Authority have agreed that the Authority (through its private development partners) would perform the Phase II Public Improvements on behalf of the City, and the City desires to accept such offer and contribute the funds to the Authority for the Phase II Public Improvements.

**NOW, THEREFORE**, in consideration of ten dollars (\$10) and the mutual agreements and covenants hereinafter set forth and other valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the parties hereto, the parties hereto hereby agree as follows:

1. City Legislation and Funding. The City hereby acknowledges and agrees that pursuant to Ordinance No. 02-O-0243, adopted by the City Council on February \_\_, 2002 and approved by the Mayor on \_\_\_\_\_, that the Mayor is authorized to execute this Agreement. (Copy of Ordinance No. 02-O-0243 attached).

2. Performance of Work; Inspection. The City hereby authorizes the Authority and its contractors and the Authority hereby agrees to perform or cause its contractors to perform the Phase II Public Improvements work on behalf of the City. The Authority shall cause an independent inspecting engineer to periodically inspect the Phase II Public Improvements work and confirm that the relevant portion of the public improvements has been satisfactorily completed. The Authority shall cause a copy of such report to be delivered to the City's Department of Public Works. Upon completion of all of the Phase II Public Improvements work,

the Authority shall cause said inspecting engineer to deliver a final report which complies with the specifications required by the City's Department of Public Works to the City's Department of Public Works confirming that the Phase II Public Improvements work was completed satisfactorily.

3. Contribution by the City.

a. Contribution. The City hereby agrees to contribute to the Authority an amount equal to \$3,680,000 (the "Contribution") for the cost of performing the Phase II Public Improvements work. The City shall make such contribution as soon as practicable, but in no event later than March 18, 2002 (the "Commitment Date"). The City acknowledges that its commitment to provide sufficient funding for the public improvements required to support the revitalization of Carver Homes is clearly established in the letter dated December 5, 2001 executed by DeWayne Martin, Chief Operating Officer.

b. Acknowledgment of Purpose of the Contribution. The City hereby acknowledges that the purpose of the Contribution is to make a contribution to the Authority to pay the cost of performing the Phase II Public Improvements work. The Authority (through its private sector development partners) will be performing such work on behalf of the City. The Authority through its private sector development partners has become financially obligated to contractors, and will be affected by deadlines concerning the construction of the Phase II Public Improvements. If the Authority has not received the Contribution by the Commitment Date, then the Authority will be at risk for becoming liable for, or subject to liens, fines and penalties and other monetary damages in connection with unpaid construction costs incurred with respect to the Phase II Public Improvements. Accordingly, the City agrees to indemnify and hold harmless the Authority from any damages, losses, expenses, liens, penalties or fines incurred or that are placed in existence by reason of the City's failure to provide fully and timely the Contribution to the Authority as provided in the above-paragraph.

c. Refund to the City. The Authority and the City hereby acknowledge that the cost of performing the Phase II Public Improvements work may exceed \$3,680,000. The Authority and the City further acknowledge that the cost of public improvements for all phases is likely to exceed contributions from the City. Accordingly, the Authority and the City agree as follows: (1) the excess contribution on any phase will first be used to offset cost overruns on other phases, and (2) if the cost of the public improvements for all phases of the Carver Homes Redevelopment does not exceed the total contributions from the City for such public improvements, then the Authority shall refund to the City all unexpended funds. The City acknowledges that it owns and has responsibility for furnishing and performing the Phase II Public Improvements. The Authority is willing to perform the Phase II Public Improvements under the terms and conditions of this Agreement.

4. Dedication of Public Improvements to City. The City and the Authority hereby acknowledge that the revitalization of Carver Homes is being accomplished in three or more

phases. At such time as the revitalization of Carver Homes is complete, or at such earlier time as may be practicable given the construction schedule for the Phase II Public Improvements, the Authority, as appropriate, shall cause the Phase II Public Improvements work to be dedicated to the City, and the City shall accept such dedication, subject to the improvements being completed in accordance with City standards.

5. Miscellaneous.

a. Insurance. The Authority and its contractors shall maintain such property, casualty, fire, hazard and liability insurance as the City may reasonably require and on all such insurance policies, the City shall be named as an additional insured as its interests may appear. The Authority and the City hereby acknowledge that the cost of such insurance will be considered a cost of the Phase II Public Improvements.

b. Indemnity. To the extent that the Authority is the beneficiary of any warranties, representations or indemnifications made by any contractor, subcontractor or supplier in connection with the Phase II Public Improvements work, the Authority agrees to indemnify and hold harmless the City, its officers, agents and employees from any and all losses, expenses, demands and claims (collectively, "Losses") against the City, its officers, agents and employees sustained or alleged to have been sustained in connection with or as a result from the gross negligence or willful misconduct of the Authority in performing the Phase II Public Improvements work; provided, that any claim for indemnification must be submitted to the Authority within thirty (30) days of the date on which the City's Department of Law becomes aware that a Loss is sustained or alleged to be sustained by the City. The City hereby agrees to cause the Department of Law to notify the Authority in the manner described in Section 5.f hereof on the date that the Department of Law becomes aware of a sustained or alleged Loss. The City hereby acknowledges that the Authority is acting as an Agent in this instance and agrees that the indemnification provided above is limited solely to the indemnification provided to the Authority by contractors, subcontractors or suppliers who perform such work. The parties agree that any indemnification or obligation to indemnify under this paragraph is expressly limited to any insurance proceeds received by the Authority from liability insurance required under this Agreement and to any amounts received by the Authority from contractors, subcontractors or suppliers as a result of warranties, representations and indemnifications. In the event it is determined that a Loss which was alleged to have been sustained by the City was not actually sustained, the City shall refund any amounts paid to it by the Authority or on behalf of the Authority pursuant to this Section 5.b, to the Authority. This indemnification shall expire two years from the date of the completion of the Phase II Public Improvements work.

c. Contract Budget. Funds of the contract budget may be shifted between line items of the Phase II Public Improvements Budget with advance written approval by the City through the Commissioner of Public Works with the exception being water and sewer funds.
